

Massachusetts State Police Museum and Learning Center  
470 Worcester Road  
Framingham, MA 01702

**Massachusetts has the oldest and proudest  
State Police organization in the United States.  
Preserving that rich heritage is up to you.**

Dear Trooper:

From the first Trooper patrolling the Berkshires on horseback in 1921 – to the life saving and crime fighting functions you perform today – Massachusetts State Troopers like you have provided unequalled public safety services for over eighty-eight years. Now, you have a chance to help preserve that tradition by making a small contribution to the Massachusetts State Police Museum at SP Grafton.

This year your support is more crucial than ever, as we are in the process of establishing your Museum and Learning Center, in the former Grafton Barracks. **Your tax deductible contribution** will assure the success of our mission. If you have not previously done so, we ask that you please sign the enclosed payroll deduction form and return it in the enclosed envelope. It is only \$3.00 per payroll period – **a small sum for establishing a living memorial for your children (and their children) to visit and cherish.**

The Museum Committee's goal has always been to build and maintain the museum with 100% private funds. With your help, we can continue to achieve that goal – with a memorial that celebrates what it means to wear the "French and Electric Blue."

Please join your brothers and sisters that are listed below, and become a contributor to the preservation of the history of "the best job" in the Commonwealth.

Sincerely,

The Museum and Learning Center Committee, with the support and approval of the following Officers, Representatives and other members of the State Police Association of Massachusetts:

President Richard R. Brown		Vice President Timothy G. Babbin	
	Treasurer, Dana A. Pullman
